Cayuga\_Borehole Logs.xls

Isabel,

Yes, the requested logs are for the database which I share with CDM for the Site.

Attached is the most recent version, which does not include the logs done by GE in 2009.

We are most interested in the 2009 logs that relate to the outcome of the Willowstick survey.

Hi Dave,

I am assuming that you just need this data to add to the database. I will check with GE and request again.

Thnaks!!
